

NEWS FLASH AND SAILING SCHEDULE MARCH 2024

Dear Customer,

The first months of 2024 started off with uncertain situations in the world and problems in Red Sea and Suez Canal. At this moment the situation is still volatile in this area and it has an impact on trading lanes such as Europe – Asia, Middle East Trades and vice versa. Furthermore the lower transit capacity in the Panama Canal also has its effect on the trading lanes to and from the U.S.

We are monitoring the situation closely and we will keep you informed of the impact on vessel schedules (ETS and ETA) and surcharges that are applicable for several trading lanes.
